QUIT CALOMEL!

Dangerous Drug.

A Safe Vegetable Substitute is Olive Tublets for the Liver.

Dr. F. M. Edwards, a prominent physician of Ohio, has discovered a new laxative and liver toner in a combination of vegetable materials, mixed with olive oil, which is in effect simost exactly like the old and untrustworthy calomel, except that there are none of the bad after effects of calomel.

Dr. Edwards has long been a foc of colomel, along with its dangers.

Wis district of the uncertain drugs.

His distrust of the uncertain drug eventually started him years ago towards experiments with the view of discovering a substitute, and he is today in possession of the long-sought-for combination, which is in the shape of a little sugar-coated, olive-oll colored tablet.

They are called Dr. Edwards' Olive Tablets. They oil the bowels, and their effect on the liver has been the means of relief to many of Dr. Edwards' reg-ular patients as well as to thousands of others who have suffered and were afraid of calomel.

They are gentle in their action, yet lways effective. They bring about hat exuberance of spirit, that natural uoyane which should be enjoyed by veryone, b) toning up the liver and learing the system of harmful imurities. The und 25c per box. The Olive Tablet Company, Colum-
